CASC-OR 2004 Mobil 1 Autoslalom Championship Series Sponsored by Williams Performance Friction, Event # 1 Director's Report

Event #1 of the ten event CASC-OR 2004 Mobil 1 Autoslalom Championship Series Sponsored by Williams Performance Friction, hosted by HADA Motorsport Club ran on May 2nd at Ontario Place in miserable May weather, with a constant rain and temperatures in the mid single digits. Not the best day for a Solo 2 event, but regardless, there were 86 competitors running the Regional and Club Series event with a fabulous back drop of

Lake Ontario to the south and the Toronto skyline to the east. 65 of the 86 competitors were Regional Series people, and that is 65 of the 91 Series registered competitors, a good turn out considering the weather.

The day saw the hardy competitors that stuck around get five 55 seconds runs in before 5 pm. Of the 18 classes that were populated, 12 of those classes had enough competitors to be scored as filled classes, which produced some great battles.

The regional timing system, with computer hardware being supplied by Tsunami Technologies Group Inc. / Reaction Grafix, ran flawlessly for the

HADA regional date (damp paper printing problems aside). This timing system will be used at most (if not all) of the regional events this season, helping with the consistency in results. This is a great addition to the CASC-OR Solo 2 equipment.

We had a pre-registration on the solo2ontario.com web site that helped speed up the event registration and data entry the morning of the event. Thanks to Yvan R., the solo2ontario.com web master, for setting the pre-registration up and Tony K., the series registrar, for working the registration table along side Sonia T. from HADA.

The next event of the CASC-OR 2004 Mobil 1 Autoslalom Championship Series Sponsored by Williams Performance Friction is on May 30th at Picton Airport, hosted by St.Lac. With 91 Series registered competitors and nine more events on the schedule, with six counting for the series, we will no doubt break 100 series registered this season.

Series Sponsors for the 2004 season include; Mobil 1, Williams Performance Friction, Tsunami Technologies Group Inc./Reaction Grafix, Mad Macs Communications, Wheel and Tire Zone, Both Feet In Performance Driving, and CG-Lock with hopefully more to follow.

Moving towards the slightly modified CNAC rules for this season, seems to have been a great idea and although some competitors are not overly happy with the change, it seems that it was indeed the right time to make a substantial change. Hopefully the remainder of the season will back this choice up.
