

Stewards Report

Event	Sep 21-22 BEMC Late Summer Trophy Races
Chair of Stewards	Richard Muise
Stewards of the Event	Mary Lobban, Bill Lobban, Bob Page, Peter Bayman, Ken Pavri

Event Assessment/Comments

Saturday two large oil spills required extended cleanups (over 30 min each). All Qualifying sessions were reduced from 20 to 18 minutes.

The Stewards recommend that Race Committee set up a recommended procedure in the GCR for dealing with situations where a race must be delayed or otherwise unable to complete due to force majeure. As an example, Super Touring R4 had a large oil spill on the pace lap, then FCY which continued for the rest of the competition (50%). It is not currently obvious who has authority to make such a decision.

When a visiting series is attending a CASC-OR weekend, it should be clarified before the weekend, which regulations under which the series will be running, and in cases of differences such as safety standards which regulations will be enforced. The visiting series should be informed of the differences before the weekend. The CCS class and VARAC F1200 ran together on a combined grid.

Number of Incidents/Interventions	
red flags	2
fire/rescue vehicle interventions	0
ALS ambulance hospital transports	1
Initial Location of the fire/rescue vehicles	F-2, F-4, FT-4, T-5, F-8, T-10, AMB-10, EMS-1 @ 10, EMS2 @ East Side, F/B-10, W-12@10
