COMMENTS: - e.g. schedule changes approved, suggested rule clarifications, and safety concerns.

Saturday

1. The Kin' spent time during the week tamping down the inner banks, which has allowed for the ability to track cars around the entire circuit.
2. Red flag on the first lap of R3, due to track blockage for an incident at the kink.

Sunday

1. Issues with the lights being difficult to get working, but James was available to help work through the issues allowing the club to start on time.

Summary

A well organized and executed event by the experienced team of volunteers from the TAC. Both days started and ended on time with very few pick ups and/or incidents.

Notes:

Recommend that the number boards be replaced: not only are they in disrepair, the numbers are too small to be easily read from the track. There are a number of electronic options available as well as the inexpensive flip style boards.

There currently is no Unsportsmanlike Flag available and is recommended that one be supplied.
